

Meet 5th/6th Grade Teacher, Mr. Kim!

I've been teaching at San Ysidro School District for the last seven years and I love San Ysidro. However, as a Title I district, we are constantly fundraising to allow our students to experience the wonders within our communities.

With ArtsBusXpress, the students can just concentrate on what they will learn during their interesting field trips instead of how to get there.

ArtsBusXpress is another way for our students to get past what they see in their communities, and explore how other communities get creative. Also, students can learn to appreciate our state's resources and educational programs open to the public or discounted for students.

Although we still have fundraising events, not paying for the bus is huge, especially as school buses are some of the safest ways to transport a large number of students at once.

Thank you for all your donations and support!
